#### **Art. 12        Assessment of suitability**

A financial service provider that provides investment advice taking account of the client portfolio or portfolio management must enquire about its clients' financial situation and investment objectives as well as their knowledge and experience. <sup>3</sup> If they employ staff to execute client orders, financial service providers shall issue internal directives on the execution of client orders which are commensurate with the number of such staff members and the structure of operations.

#### **Art. 19** Use of clients' financial instruments

<sup>1</sup> Financial service providers may borrow financial instruments from clients' portfolios as a counterparty or act as an agent for such transactions only if the clients have given their prior and express consent to these transactions in writing or in another form demonstrable via text in an agreement that is separate from the general terms and conditions.

<sup>2</sup> If the mandated financial service provider has reasonable grounds to suspect that the client information is incorrect or that the duties under Articles 8 to 16 were not fulfilled by the mandating financial service provider, it shall provide its service only after it has ensured the completeness and accuracy of the information and compliance with the code of conduct.

**Art. 25** Organisational precautions

<sup>1</sup> Financial service providers shall take appropriate organisational measures to prevent conflicts of interest that could arise through the provision of financial services or any disadvantages for clients as a result of conflicts of interest.

<sup>2</sup> If disadvantages for clients cannot be excluded, this possibility must be disclosed to them.

<sup>3</sup> The Federal Council shall regulate the details in this respect; in particular, it shall designate forms of conduct that are always impermissible on account of conflicts of interest.

**Art. 26** Compensation from third parties

<sup>1</sup> Financial service providers may accept compensation from third parties in association with the provision of financial services only if they:
